Homecoming show to feature Jade

Antioch Community High School will present the 1982 homecoming show, "For The Good Times," in the North Gym at 7:30 p.m., Friday, Oct. 29. The three hour presentation will include a presentation of the 1982 Sequoit football team, coaches, and cheerleaders.

To enhance the weekend, which culminates in the parade at 10 a.m. on Saturday, Oct. 30, the football games beginning at noon, and the homecoming dance and alumni social at 8 p.m., an entertainment packed Friday evening has also been planned.

This will include, the Antioch Sequoit Marching Band, the jazz band, the award winning pom-pon squad and a "special" alumni contingent in various skits and performances.

Topping off the evening will be a 90-minute

performance by Jade, brought back by the request of the students. These six very talented musicians recreate the exiting era of the 50's and combine it with an electrifying and unforgettable stage show.

Jade has performed at the premier of the motion picture "Grease" in Chicago, Chicagofest's main stage, Great America, Orlando Disney World, the Illinois State Fair, and the Chicago Playboy Club.

The entire three hour production will be offered by ticket only. Pre-sale ticket prices will be \$3 for adults and \$2 for children under 12 years of age.

All ticket sales at the door will be \$5 per person, regardless of age. Tickets will be offered for sale in the general office of the high school and in the high school commons by student council members.

Tickets on sale now for 'Footlights '82'

"Footlights '82", St. Peter Catholic Church's Antioch fundraiser, opens Nov. 4 through Nov. 6.

At 7 p.m. each evening, the doors to St. Peter School will open, and with a single admission ticket in hand, patrons will enter the magically transformed halls and classrooms to an "adventure in entertainment". To provide for an evening of total enjoyment for all three restaurants, three showrooms and three entertainment centers will offer a tempting array of culinary delights and a number of multi-talented entertainers — actors, singers, dancers and comedians.

Among the varied talent offerings of "Footlights" will be an old-fashioned melodrama to be presented by Antioch's PM&L Theatre Group. Antioch's non-profit community theatre. In addition a musical revue will be held in the main show lounge.

Showroom hostess Dixie Sparks, executive secretary of Antioch's Chamber of Com-

merce, will greet guests and offer them a favorite beverage and invite them to partake of the garden-fresh greens, condiments and the homemade "LaSalette Fathers" bread at the make-your-own salad and bread bar.

Also included in the program for "Footlights" is the original production of "Bored of Education," a series of skits written, directed, choreographed, scored, acted, sung and danced by members of St. Peter staff and administration.

Admission tickets (Thursday, Nov. 4 - \$5 in advance, \$7 at door; Friday and Saturday, Nov. 5-6, \$7 in advance, \$9 at door) are on sale now at St. Peter Church and all three Antioch financial institutions. The discounted advance sale tickets will be on sale until Nov. 1. All proceeds will benefit St. Peter Parish. Call St. Peter Rectory at (312) 395-0274 for further information or to order tickets by mail.

HOD appeals denial, Stern shows interest

The Antioch landfill question has moved up to another plateau since the Lake County Board refused to approve Waste Management, Inc.'s application to expand its present 30 acre landfill site by another 30 acres.

Having started at the village level, moved to the county level, the disposal company is now at the state level, having filed an appeal on the county denial with the Illinois Pollution Control Board (IPCB).

Now both Waste Management and the Lake County Board, besides the village of Antioch and its residents, are waiting for that appeal procedure to start.

Chris Moffet, clerk of the IPCB had expected to appoint one of the 75 attorneys that IPCB has under contract to be hearing officer on the case by Friday, Oct. 15.

But that appointment has been delayed because of the shortness of IPCB's staff. Moffett said that she hoped that the appointment would be made by Monday, Oct. 18.

The attorney that is appointed will then contact both the disposal company and the

county board and set a date for the appeal hearing that is agreeable to both parties.

The deadline for a finished appeal process is Jan. 1, three months from the date that the disposal company filed its appeal on Oct. 1.

Meanwhile the village of Antioch is not sitting still. Residents are trying to get people on the state level to be informed of the situation and hopefully to back the stand of the village and the county.

Dan DeFosse, Democratic candidate for the congressional seat in the 12th Dist., said that Grace Mary Stern, present Lake County Clerk and Democratic candidate for lieutenant governor, will be in Antioch for a continental breakfast, and question and answer session on the landfill, from 8:30 to 9:30 a.m. on Monday, Oct. 25, at the Vault Restaurant on Lake St.

Stern is then slated to visit the Silver Lake subdivision and talk to some of the residents that live in the area of the proposed and presently operating landfill.

DeFosse said, "We've finally pulled someone who may be on the state level to look at our problem."

Defense says Feltner not behind wheel

The case against Larry Feltner, 30, Waukegan, who has been charged with nine traffic violations by the Antioch Police Dept., has been continued.

Feltner appeared before Lake County Circuit Court Judge Emilio Santi on Thursday, Oct. 14. At that time his attorney, Peter Staven, asked and received a continuance on the grounds that an important defense witness was not present for the trial.

The defense claims that Laura Littner, 17, Round Lake, previously listed as a passenger in Feltner's car when he was arrested in Antioch on May 18, was the driver not Feltner.

According to court records, Littner had been served with a subpoena to appear.

Antioch Police Sgt. Charles Watkins and Officers Robert Lange and Bert Metz were involved in the early morning incident that resulted in Feltner's arrest.

Feltner allegedly ran four traffic signs, going 60 miles per hour in a 30 mile per hour

zone, with Watkins in pursuit when his car sideswiped a utility pole on Rte. 83, hit a tree and flipped upside down, catching on fire.

Feltner was also charged with reckless driving, fleeing and eluding an officer, improper lane usage, and driving on a suspended license.

The trial is set to continue in front of Santi on Thursday, Oct. 28. John Koenin is handling the case for the state's attorney's office.

Good news in The News

Spooks Reunion

Antioch residents are being advised that Mr. Pull M. Leg, Mad Doctor, has become hopelessly lost in the labyrinths of the Antioch Jaycees Haunted House. Dr. Leg is in town for the upcoming reunion of his fellow monsters.

In a recent interview with Count Dracula it was learned that Dr. Leg is not the only creature returning to the haunted house for this annual event. Also expected to appear is the Wolfman, Grim Reaper, Quasi Moto and several other of their friends.

All of the monsters are inviting the public to help search for Dr. Leg in the State Bank of Antioch's parking lot garage from this coming Friday, Oct. 22, through Halloween night. It will be open at 7 p.m. each evening. Donation this year is \$2. Coupons for soft-drinks from McDonalds will be given to the first 2,500 survivors.

Expect Oct. 18 annex of Ozga acres

There will be a public hearing at the Antioch Village Hall, at 7 p.m., on Monday, Oct. 18, on the pre-annexation agreement for the Ozga property.

That property, 9.5 acres that runs north on Rte. 83 to the Wisconsin state line, is owned by Theodore, Josephine, Adolph, Ann and Michael Ozga and the AWT Corp.

According to Village Clerk Marilyn Sternbenz, if no problems arise at the public hearing, the board is expected to approve the drafting of the ordinance annexing the Ozga property to the village at the regular meeting of the village board slated to follow the hearing at 8 p.m.

The committees on safety, health and animal license are also scheduled to meet at 7:30 p.m., preceding the board meeting.

AARP restricts membership

Antioch Chapter 387 of the American Assn. of Retired Persons (AARP), reached a total of 300 when 14 new members signed up at the meeting on Oct. 12. It will now become necessary to limit membership to Antioch residents only. All members from other areas, who are now members, may remain but no new members will be enrolled except those living in Antioch.

Wayne Solczak, paramedic of the Antioch Rescue Squad, was introduced by Al Courtois, program chairman. He told of how the squad came into existence back in the '30's, when Herman Holbek saw the need and organized the first rescue squad with four volunteers.

Following the motto of all AARP members "TO SERVE — NOT TO BE SERVED," the Antioch Chapter will assist in the distribution

of Thanksgiving baskets for the needy of the Antioch area.

Vicki Bock, of the Community Service Committee, asked members to bring canned goods and non-perishable foods to the most worthy cause.

She also announced that donations of winter-wear (knitted gloves, socks, knee warmers, etc.) for the Lake Villa Nursing Home will be appreciated and may be brought to the Nov. 23 meeting.

Nov. 23 is also the date of the annual raffle. Ceil Geist asked that articles (new or old, if in good condition) be brought to the meeting on that date.

AARP will conduct a defensive driving course after the first of the year at the senior center in Antioch. Esther Aiani advised interested members to sign up now since only 20 students will be enrolled in each class. Classes will be scheduled as the need arises.

All tickets have been sold for the Chicago trip on Nov. 12.

Glenn Peterson extended an invitation to all members to visit the new senior center in Bristol.

The next meeting will be on Oct. 26. The annual white elephant auction will follow the meeting. All items in workable condition will be gladly accepted.

On team

Jill Harland of Antioch is a member of the Eastern Illinois University field hockey team this fall.

Harland is a graduate of Antioch High School.

Hockey team ties

On Oct. 4 the Antioch varsity field hockey team tied Elgin Academy 1-1 at home.

A disputed goal in the first half put Elgin ahead 1-0.

Late in the first Wendy Vos scored, assisted by Kim Nichol, to tie the game.

The score remained tied, with both teams failing to capitalize on opportunities to score.

Oct. 6, Antioch played Homewood Flossmoor to another 1-1 tie.

Homewood scored first to take a 1-0 lead.

Near the end of the first half Wanda Bock scored to tie the game.

When I think about it

It's absurd to have absurd rules, laws

by GLORIA DAVIS

Like most writers, I'm a word freak, so certain words can turn me on, sometimes simply because of their sound and other times just because they seem to fit so many situations.

I'm a mood word nut too therefore I tend to beat-to-death words that fit a present mood. And words whose sound fairly scream descriptively are really my favorites.

With the present state of things, one of my favorite words for this week is absurdity because it surely describes many of our rules and laws. For instance, with all trouble the economy of the United States is in because of the cornering of the automobile market by Japanese cars, did you know that, although the U. S. can send all the soccer balls they want to to Japan, that country has a rule that only Japanese-made soccer balls may be used in legal play there.

A suggestion given in a news letter from the IPR Assn. seems to me to be the perfect answer. Why doesn't the U. S., while allowing importing of Japanese cars to proceed as usual, pass a law that no Japanese-made cars can be driven on American highways.

The absurdity in this case is the fact that the U.S. allows other countries to get away with things like this.

But then absurdities can be found all over

the U. S. car industry like the fact that a 20-year General Motors employee gets enough paid free time to account for the annual production loss of 11 cars per employee.

But even more absurdities can be found in the statutes books of Uncle Sam.

In New Orleans there's a law that allows people in the area to grow as tall as they want to.

If you're a smoker who objects to the plague of non-smoking signs that inhibit your favorite pleasure, think about the inhibition of the many diners in Gary, Ind. where there is a law that anyone eating a Gyros sandwich cannot attend a public performance within four hours of imbibing.

I guess this isn't ethnic discrimination since the law really stipulates the eating of garlic.

The absurdity here is that there are no laws on those "Hoosier" books demanding other nasal-insulters use deodorant, breath sweeteners or, in some cases, less perfume before they mingle with the public.

And the most absurd story of all, coming from the same newsletter, states that, despite nationwide tight funds, the army recently spent \$6,000 making-up a pamphlet on the buying of Worcester Sauce and detailing ways to tell if the sauce bottle's label is water resistant or whether or not the lid is screwed on tightly.

FIFTY YEARS AGO: Oct. 20, 1932

Wisconsin was having a milk war that had violent confrontations between farmers, wholesalers and retailers and included the bombing of a Burlington milk plant.

Bernice Jensen and Sara McNamara lead the Antioch High School honor students and Margaret Smith was chosen manager of the high school's cheerleaders.

The Antioch News building had a face lift when it received an entire new paint job on the inside.

The News ran stories on reasons to vote for Herbert Hoover for president and one telling New York's Gov. Franklin Roosevelt to practice in New York now what he promises to do if elected president.

The newest fashion for women featured high lacey necklines not unlike those worn during the Victorian era.

In an ad in the News a toilet was referred to as a water closet.

Abott and Costello were starring in "Lost In Alaska" at the local movie theater.

The Antioch Village Board decided that the landfill method of garbage disposal was an ideal one but too expensive to operate for a village the size of Antioch.

Congrats to Al Little who was recently presented with a service pin in recognition of his 25th anniversary with Allstate Insurance Co. He is employed as a senior account agent at Allstate's Wilmette local sales office.

Can't wait to see the Antioch High School Homecoming Show, especially the part that is to feature the return of some of the cheerleaders of bygone days.

Betcha Mabel Lou Weber still looks as cute in her cheerleading costume as she did a few years ago.

Chamber Secretary Dixie Sparks says that she is busy again this year planning the second annual "Christmas Creations" fashion show. The date is Dec. 2. Dixie promises a lot of beautiful fashions as well as hilarious entertainment again this year.

In August, degrees from Northern Illinois University, DeKalb, were conferred on Colleen DeVries, B.A. liberal arts; John Charles Eder, B.S. in business; Kevin Lee Gallaher, B.S., college of professional studies and Steven Stahmer, B.S. in the college of business.

And Richard E. Petersen received his masters in education.

Congratulations to Walter Rybicki. I hear he's the new president of his bowling league. May those strikes be many, Walter!

Just in case you noticed it, the civil defense siren went off Tuesday evening, Oct. 1. But none to worry. According to Antioch Fire Chief Todd Mapleshorpe, that was a case of a little firehouse cleaning that got out of hand when someone accidentally nudged the siren button.

Kluge completes training

Torsten G. Kluge, son of Mr. and Mrs. Gerhard Kluge of 41374 Point Dr., Antioch, recently completed a U.S. Air Force ROTC field training encampment at Charleston Air Force Base, S.C.

During the encampment, cadets receive survival and small arms training and aircraft and aircrew indoctrination. They also have the opportunity to observe careers in which they might wish to serve as Air Force officers.

The cadet is a student at the University of Illinois at Champaign.

Chamber seminar set

A session Oct. 26 will continue the ongoing educational seminar on advertising and sales promotion, sponsored by the Antioch Chamber of Commerce and Industry.

Joan Petranovich, a freelance marketing consultant and professor at the Illinois Institute of Technology will address the Chamber membership.

After the presentation, persons attending will be asked to put their business name in a hat and after one name is drawn, Petranovich will do an impromptu promotional campaign for that business.

Make reservations on or before Oct. 21 by calling the Chamber office at (312) 395-2233. Cost of the luncheon is \$5 per person.

PETTY GETS EQUIPMENT — Parent-Teacher Organization (PTO) of W.C. Petty School in Antioch, recently presented audio-visual equipment to school which was purchased with fund-raiser monies. In a double dual meet the Antioch Boys Team defeated Round Lake 22-39 and Harvard 18-45.

These wins raised their conference record to 4-1 and overall record to 6-3.

LaPlante was second, Wechane third, Sandrik fifth, Nottingham seventh, Neubauer eighth, Rivera ninth, Miller 10th, Merkel 11th, Ball 15th, Curtis 18th, Mannina 19th, Wais 20th, Swiatek 22nd, Fowlkes 25th, DeRousse 27th, Merowski 29th, Westhoff 33rd and Trayer 34th.

Girl runners' record unblemished at 9-0

Antioch girls cross-country team raised its record to 9-0 with dual meet victories over Round Lake, 15-48, and Harvard 15-50.

Leading the girls was Donna Ruggles in first with a time of 13:12 for two miles.

Ruggles' sister, freshman Lori Ruggles, was second in a Antioch freshmen school record of 13:22.

THIRD WAS sophomore Beth Murray, fourth junior Rene Starcevic, fifth Michelle Mitcher, seventh Pattie Friedman, eighth Chris Ederman, 10th Dawn Wacki, 14th Wendy Wells, 15th Amy Kandezoria, 16th Nadine Meyer, 18th Barb Olander, 19th Laura Rymut, 20th Zora Grcic, 22nd Rhonda Fowler, 23rd Tracy Borla, 24th Tina Chasely, 26th Laura Mattson and 27th Silvia Kahler.

At the Antioch Invitational the girls ran to their best finish ever by placing third behind defending state champion Rockford Gilford

with 77 points and Hersey at 91. Antioch had 93 and Libertyville had 101.

Donna Ruggles was again Antioch's first runner to finish in 10 place.

Lori Ruggles ran to a 16th place finish, Garland 20th, Murray 21st, Mitchen 26th, Starcevic 27th and Friedman 56th.

IN THE OPEN race freshman Chris Eberman ran to the first place finish, covering the course in her personal best time of 14:17.

Senior Dawn Wacki ran a good race and finished in second at 14:33.

Freshman Wendy Welk was next in fourth, sophomore Amy Kandziord sixth, Nadine Meyer 19th, Zora Grcic 24th, Laura Rymut 25th, Tracy Borla 33rd, and Silvia Kahler 46th.

The girls next meet will be Thursday, Oct. 14 at Lake Zurich and on Saturday, Oct. 16 at Warren for the Lake County meet.

Viking heavyweights stop Fox Lake, 20-0

The north division leaders of the Northern Illinois Junior Tackle League, the Antioch Viking heavyweight football team, visited Fox Lake Saturday, Oct. 16, to play against a strong Lakeland Cardinal team.

The Vikings won because of their excellent defensive effort, taking Fox Lake 20-0.

The defense was led by Lineblockers Kirk Toth, Steve Pappadakis, Joel Berndt, Wade Kilman and Lance Bestland.

A first quarter touchdown was set-up by an interception by Safety Dave Wick who ran the ball back to the Fox Lake 28 yard line and four plays later, Toth took a one yard plunge for the touchdown. The extra point try was no good, making the score 6-0 at half time.

Early in the third period, Troy Schroeder took a Fox Lake punt and ran the ball back to the Fox Lake 37-yard line. Then Bestland ran the ball 32 yards for Antioch's second touchdown.

Earlier that evening the Fox Lake Cardinals light-

weight team upset previously undefeated Antioch, 14-6.

The loss to Fox Lake leaves Antioch and Waukegan with identical

league-leading records, 5-1.

Antioch and Waukegan meet on Sunday, Oct. 24, with the lightweight kick-off at noon to be followed by the

heavyweight game at 2 p.m..

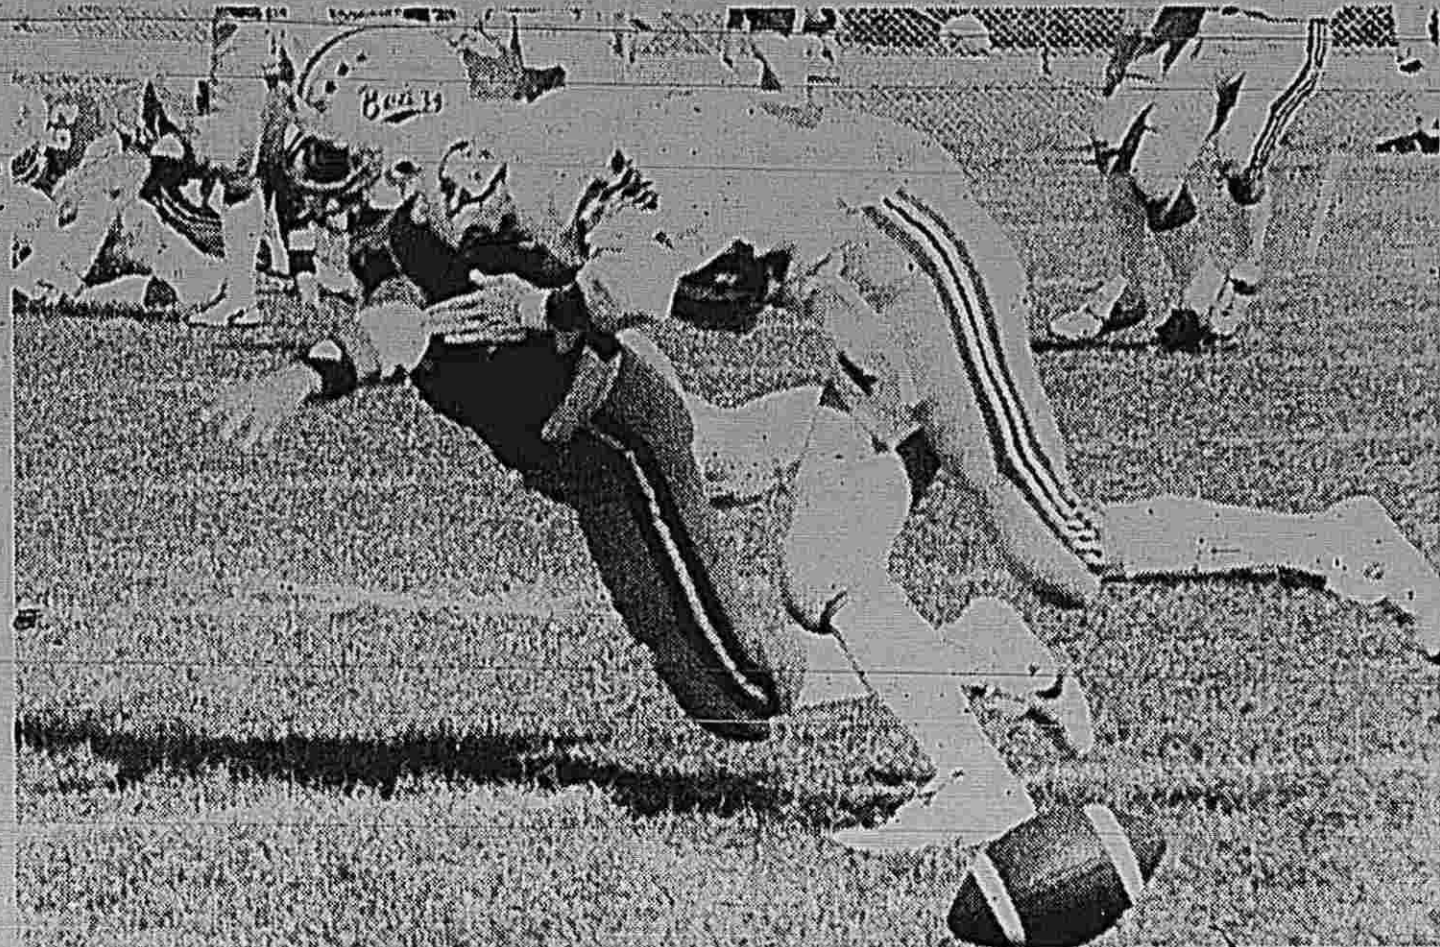

In the Antioch Viking in-house featherweight program, the Seahawks, on a last second 45 yard pass

from Mike Zolna to Tom Swanson collected their first win of the season, beating the Raiders 7-0.

The Warriors, down 6-2 at the end of the third quarter,

came back with two fourth quarter touchdowns to beat the Falcons 14-6.

The Eagles, with strong defensive play, beat the Buccaneers 20-0.

AUGS defeat Gavin

Antioch Upper Grade girls softball team defeated Gavin, 16-1, in game played at Gavin School.

Hitting star for Antioch was Karen Stevens who scored four runs. Strong pitching by Caroline Exner and a tough defense did the job!

The Antioch Upper Grade School boys softball team is currently in second place with a record of four wins and two losses in the Northwest Grade School Conference. The Apaches have

recorded victories over Lake Villa, Fremont, Woodland and Grayslake, while losing to Gavin and Fox Lake.

Leading hitters for Antioch have been Tom Wells, Bob Abbott, and Ken Warner. Rick Korjcek has been the winning pitcher in all four games. His best effort was a one-hit victory over Grayslake. Outstanding defensive plays have been turned in by Rob Wicinski and Rich Rudolph.

Ask Dr. Sven
by Robert T. Sven B.S.D.D.S.

THE MARYLAND BRIDGE

Question:
I'm missing a tooth but I'm hesitant to go through the grinding and capping that most bridgework requires. Is there an alternative?

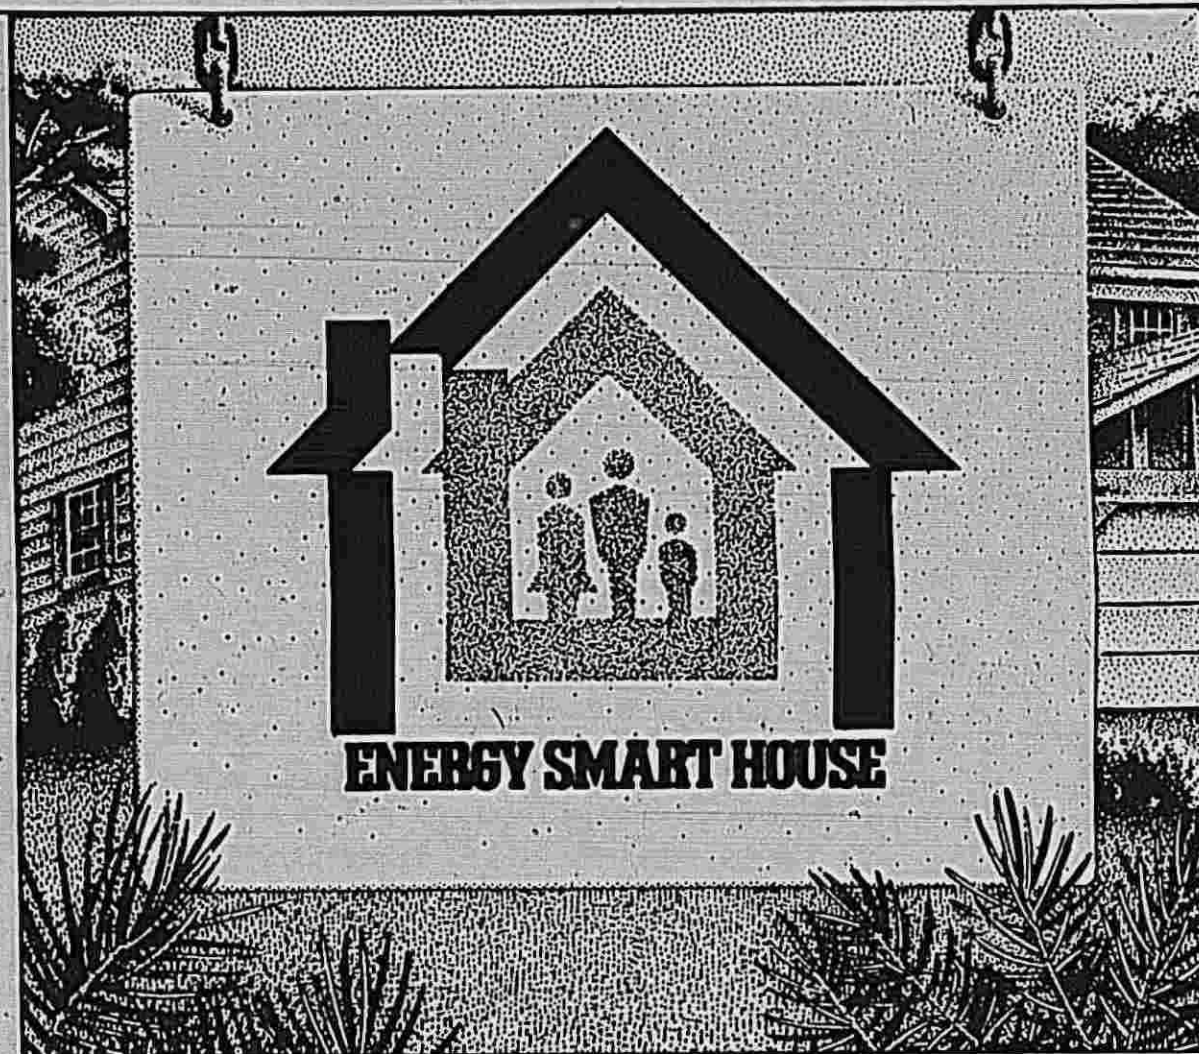

Answer:
A recently perfected method called the "Maryland Bridge" has some noteworthy advantages over old methods.

1. It does not require capping or removal of tooth enamel; a new technique and cement make it possible to bond bridgework to existing teeth.
2. There is no pain involved.
3. It conserves tooth structure and minimizes gum irritation.
4. The entire procedure is considerably less expensive than conventional bridgework.
5. It usually takes just two visits instead of requiring many appointments.

Used under favorable circumstances, the Maryland Bridge is an excellent way to replace anywhere from one to four teeth.

After-Hours Treatment Available In Emergencies

TODAY THIS HOUSE IS JUST SMART. TOMORROW IT'LL BE BRILLIANT.

Nobody has to tell you what's happening to the cost of energy today. It's all up, up, up.

So if you're looking for a new house, it makes a whole lot of sense to look for one with an Energy Smart sign out front. One that uses energy like a miser. That keeps the cost down, down, down.

That means a house with double-glazed windows.

With ceilings insulated to a minimum rating of R-19.

With walls insulated to at least R-11.

With exterior openings carefully weather-stripped and caulked.

And with an Electric Heat Pump instead of a central air conditioner and furnace.

That's the key. The Heat Pump.

All summer long it works just like central air conditioning. But in the winter it reverses itself.

It takes heat from the air outside and pumps it inside to keep you warm.

What's more, the Heat Pump does that so efficiently it provides at least 50 percent more energy (heat) than the energy (electricity) it uses.

And that's very, very smart when you consider that the cost of natural gas has gone up 52 percent faster than electricity since 1967, and oil has gone up 113 percent faster.

Better yet, it'll be downright brilliant when natural gas gets deregulated or OPEC bumps up the price of oil a few more times.

The Energy Smart house. It can make tomorrow a lot easier to live with.

Commonwealth Edison
Don't take tomorrow for granted.

RE-ELECT CONGRESSMAN PHIL CRANE

He's concerned.
He's committed.
He gets things *DONE*.

And we need him more *NOW* than ever before.

Dear 12th District Constituent,

Since coming to Congress in 1969, my goals have always been to restrict the influence of the Federal government in our daily lives...to limit its spending powers...to reduce the huge federal deficits and balance the budget, and to provide for a strong national defense.

Only now, under President Reagan, are positive steps being taken to accomplish these goals. As progress is made, we will be able to bring wasteful and impersonal bureaucracy back under control of the legislative branch of government. And, in so doing, we will reduce our confiscatory level of taxation and accrue benefits to our 12th District citizens, as well as all people in the U.S.

The 12th Congressional District -- which I've served for the past 13 years -- has recently been expanded to include new areas in Lake and McHenry Counties. I've met many of my new constituents and recognize that there are many more to meet, to ask for support, and to serve. It is my hope that the information on the following pages will help acquaint -- or reacquaint -- 12th District citizens with the philosophy that governs my actions in Congress.

I believe -- with President Reagan -- that the American dream is still alive. When returned to Congress next November, I will continue to vote against all reckless spending proposals and to do everything possible to protect and expand the freedoms which exist in this country...and fuel the creative genius that makes America great.

Your support -- and your vote on November 2 -- will permit me to continue this fight on your behalf.

Sincerely,

Philip M. Crane

PHIL CRANE

A PROVEN LEADER,

COMMITTED TO IMPROVING THE QUALITY OF OUR LIVES.

Since 1969, Congressman Phil Crane has served his district with great energy, skill and dedication. He has proven his effectiveness as a Congressman and his ability as a hardworking, caring leader.

Phil Crane identifies the issues that touch our lives. Like taxation. The economy. Government over-regulation. And local problems.

He listens to the needs of the people he represents -- and then he acts on your behalf.

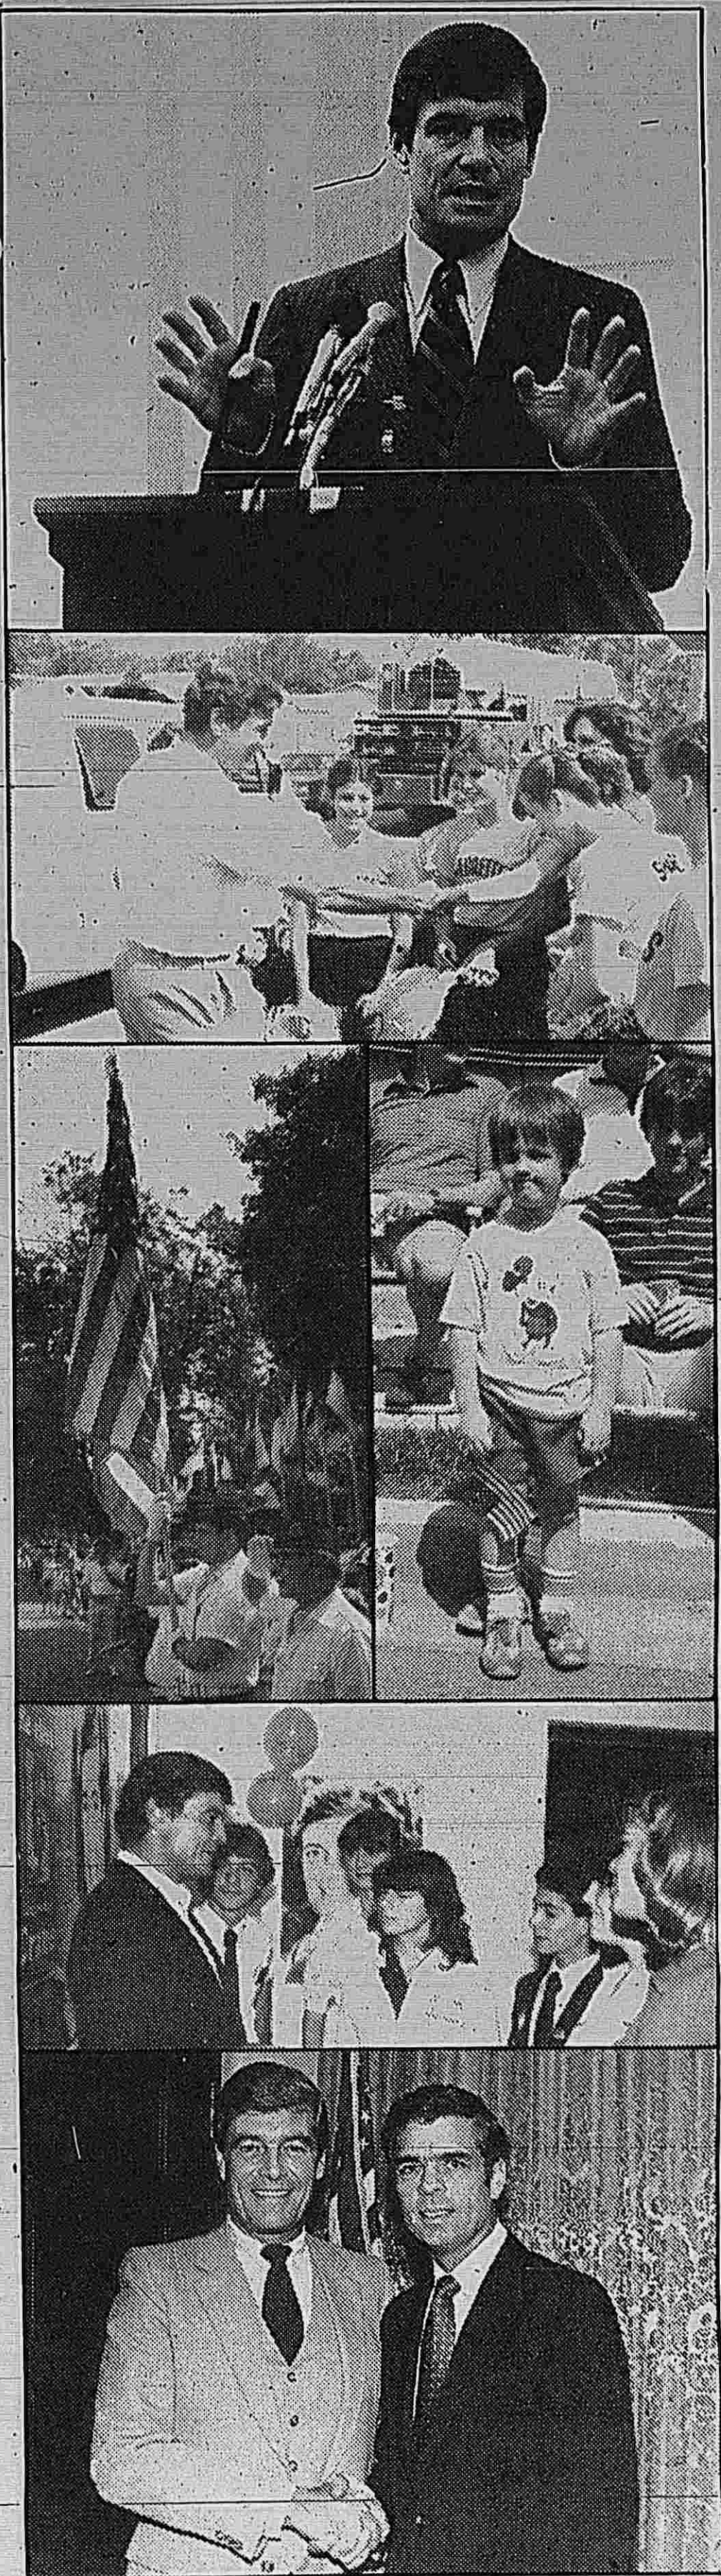

That's Phil Crane's way of doing things:

listen...take a stand...and act.

Not just lip service -- he gets results. His record is proof of that.

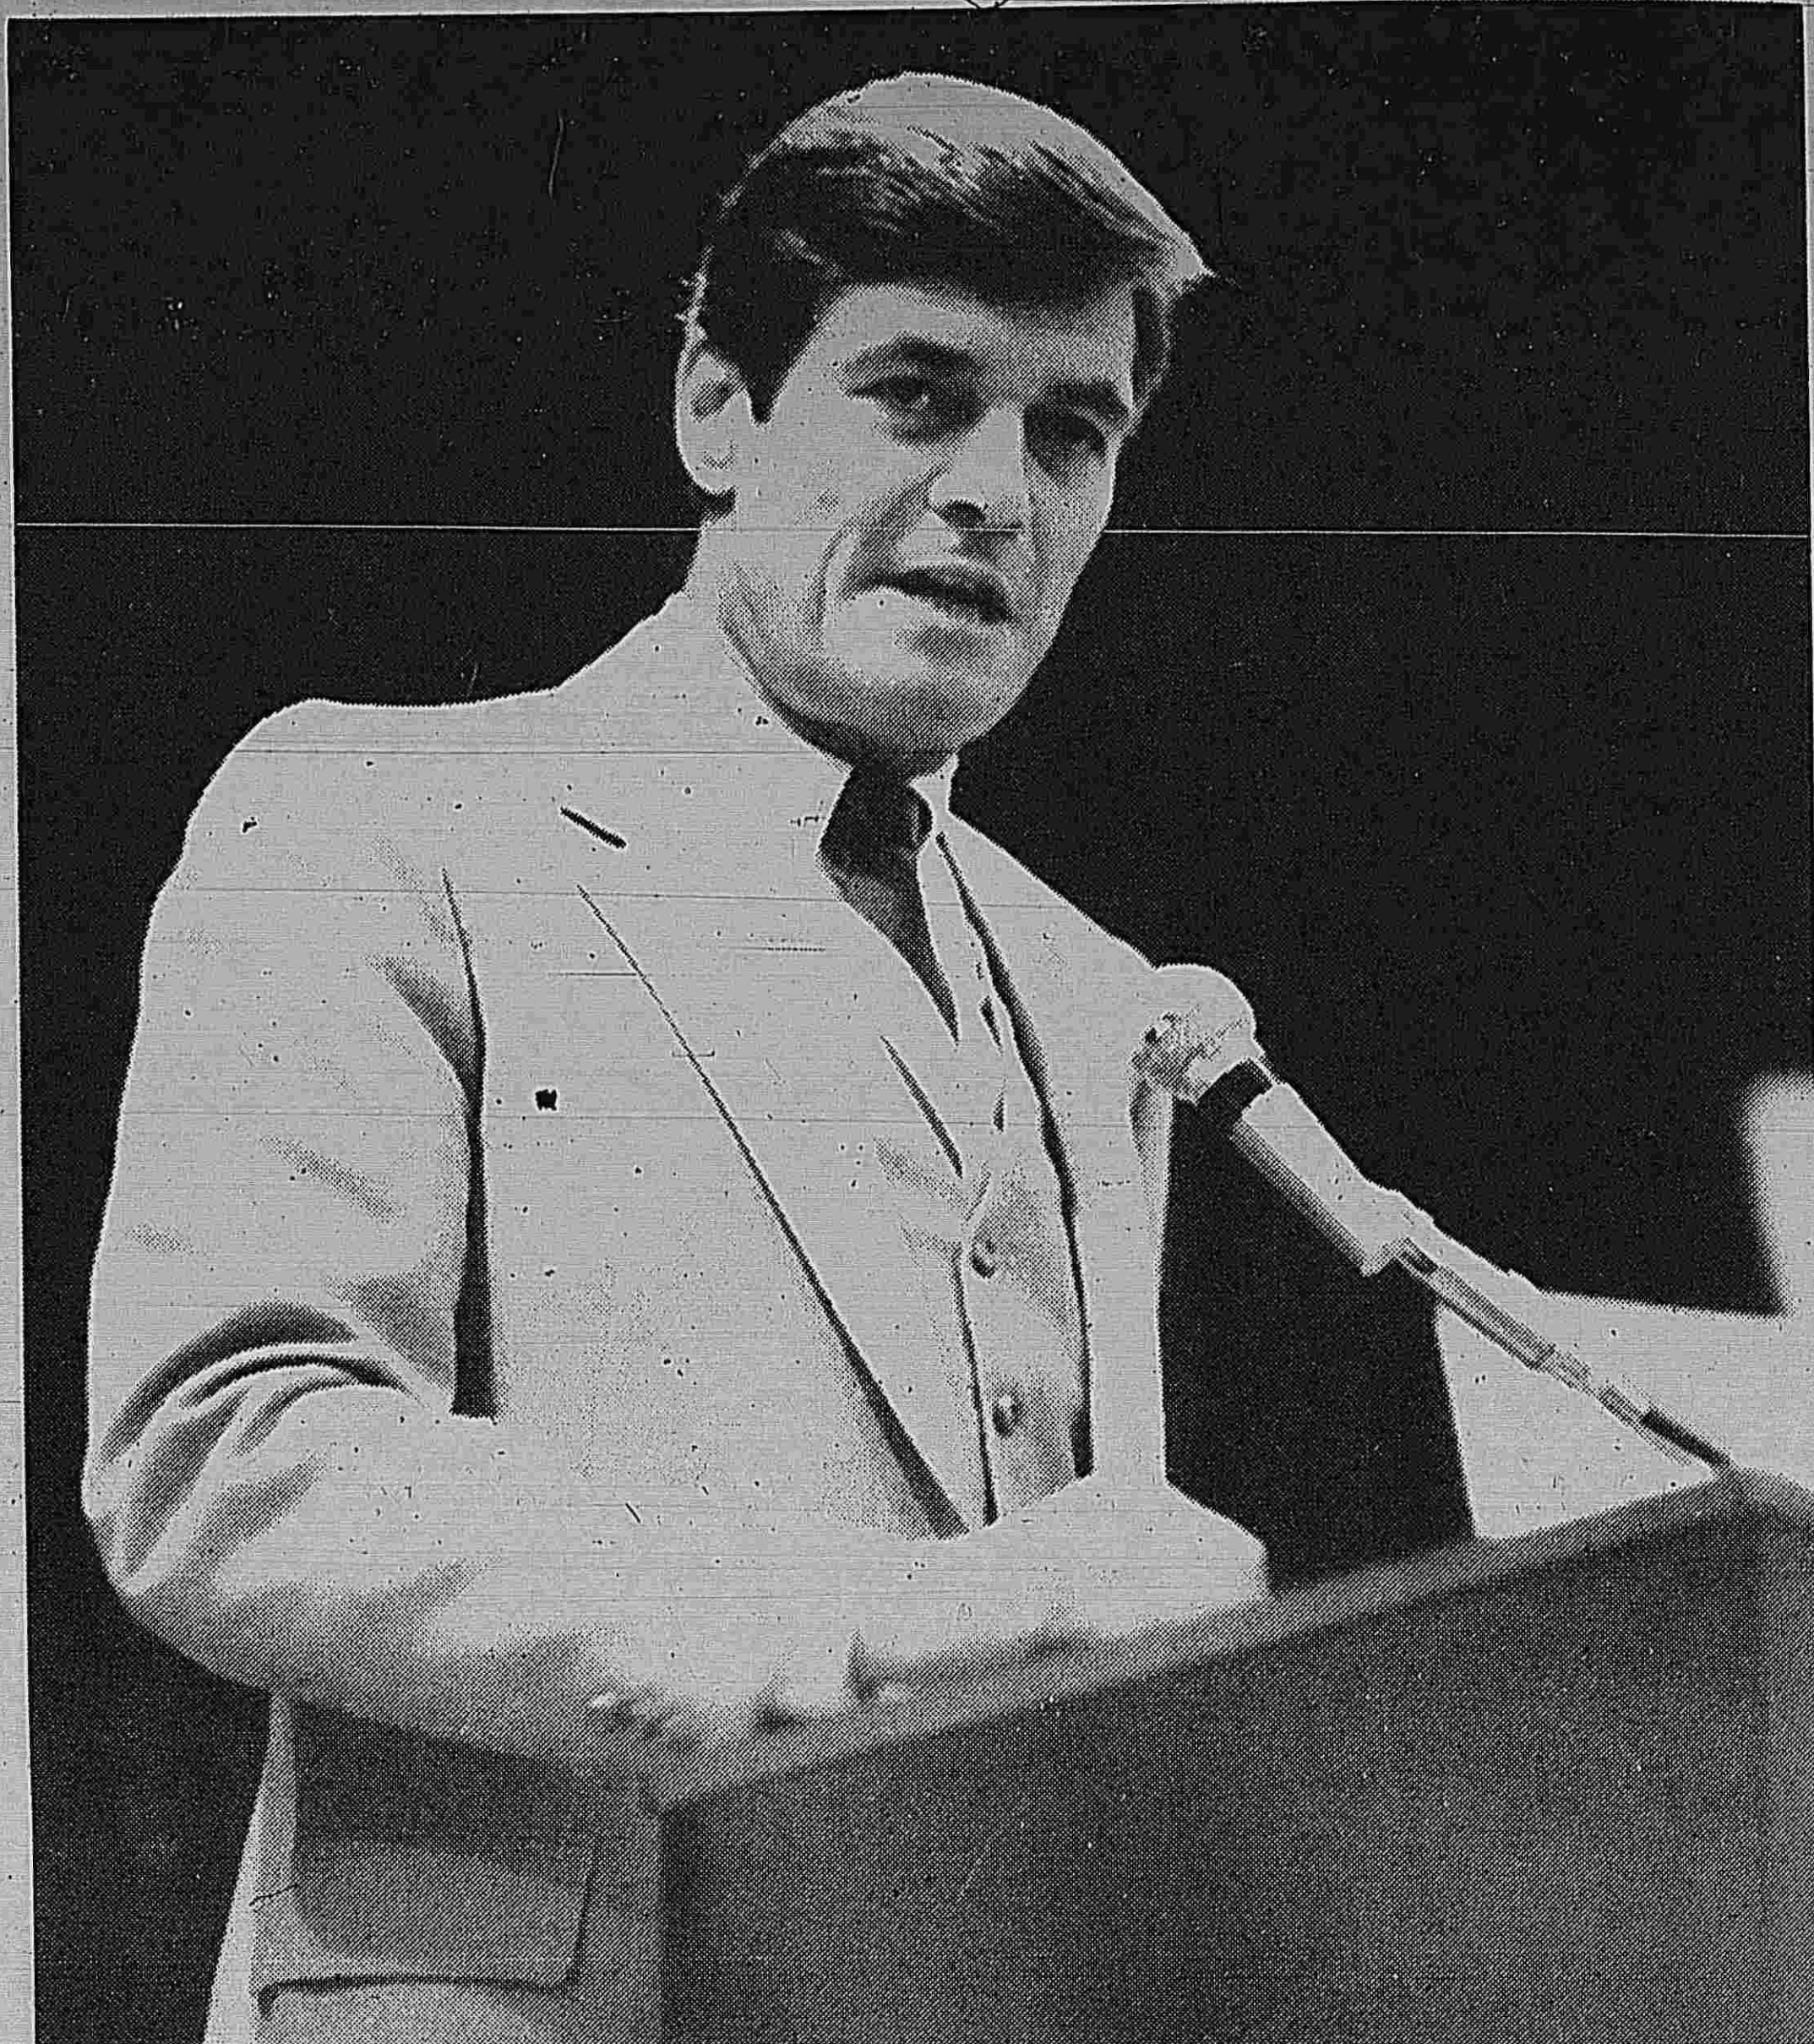

Is it any wonder that Republicans, Democrats and Independents alike have consistently voiced approval of Congressman Crane's efforts by returning him to Washington six times by very substantial majorities?

On November 2, record your commitment to America's future: vote to re-elect Congressman Philip M. Crane!

Phil Crane has been commended as "an effective, hardworking, dedicated member of Congress... responsive... mindful of his constituents."

--THE DAILY HERALD

**Here are just some of the very meaningful pieces of legislation
are now public law -- laws aimed at**

The repeal of estate, gift and generation-skipping transfer taxes to reduce tax burdens on widows and children.

Legislation which prohibits the issuance of regulations defining fringe benefits as income.

Legislation indexing personal exemptions to keep inflation from pushing taxpayers into higher tax brackets.

PHIL CRANE

**HE'S FISCALLY RESPONSIBLE.
HE'S COMMITTED TO KEEPING YOUR
MONEY IN YOUR POCKETS**

Phil Crane knows that wasteful government spending fuels inflation and higher taxation. His tightfistedness with your tax dollar has consistently earned him national recognition as one of the most fiscally responsible members of Congress.

Since 1969, Congressman Crane has aggressively fought to set limits on Federal spending and to substantially reduce confiscatory tax rates.

**in which Congressman Crane sponsored or co-sponsored which
t keeping YOUR money in YOUR pockets.**

**Legislation allowing persons in
work pension plans to start individ-
ual IRA's and increasing the annual
amount from \$1,500 to \$2,000.**

**Legislation which excludes from
taxable income up to \$1,500 per
year of stock dividends if reinvested
in a qualified reinvestment plan.**

**Legislation excluding interest earned
on certain certificates of deposit
from gross income, plus other
revisions to the individual and
business portions of the tax code
to provide additional incentives to
stimulate the economy.**

HE'S COMMITTED TO ENSURING THE VITALITY OF OUR COMMUNITY

One of a Congressman's most important jobs is to listen and respond to the needs of the people in his district.

With one of the largest Districts in the country, Congressman Crane emphasizes two-way communication as the basis of representative government.

Phil Crane has consistently worked with residents, community leaders and local officers to resolve problems affecting the 12th District.

To keep up-to-date on community concerns, Phil Crane visits township and village halls and attends community functions. He issues regular newsletters and questionnaires. He holds long distance "telelectures" with high schools and conducts Town Meetings, Mayors' conferences, Business conferences and other meaningful exchanges with concerned constituents.

The NEW 12th District includes these townships: COOK COUNTY -- Barrington, Palatine, most of Hanover Township and parts of Elk Grove and Schaumburg; LAKE COUNTY -- Antioch, Avon, Cuba, Elmhurst, Fremont, Grant, Lake Villa, Newport, Warren, Wauconda; McHENRY COUNTY -- Alden, Algonquin, Burton, Channahon, Dorr, Dunham, Grafton, Greenwood, Hartland, Hebron, Marengo, McHenry, Nunda, Richmond, Seneca.

Congressman Crane receives between 1,000 and 1,200 letters each week and his staff investigates more than 1,000 cases each year.

When 12th District citizens need help with Federal agencies, they know they can rely on Phil Crane to judiciously intercede on their behalf.

HE WORKS TO REDUCE GOVERNMENT BUREAUCRACY

Phil Crane believes it's time to recognize what the government can and can't do. He is committed to reducing the detrimental influence of a wasteful and impersonal bureaucracy on our personal, business and professional lives.

He advocates disbanding useless and ineffective agencies and decentralizing others to bring them closer to the people they serve.

Congressman Crane has supported efforts to inject free market principles into industry and has consistently voted to lessen costly and time consuming government interference in our lives.

Congressman Crane addresses government's over-regulation of our lives with common-sense solutions designed to maintain our personal liberty and fuel the creative genius that is America.

A ranking Republican on the Ways and Means Committee with jurisdiction over energy, taxes, trade, medicare, welfare reform, and social security... *Founder of the Republican Study Committee*... a ranking member of the Oversight Committee... serves on the Health and Social Security Committees... a doer and believer in America's continued greatness... *hailed by the Chicago Sun Times as "a force to reckon with... able to mobilize public opinion and policy to bear on the legislative process..."* Phil Crane is a man comfortable with his beliefs. He believes what he says and he says what he believes.

AARP restricts membership

Antioch Chapter 387 of the American Assn. of Retired Persons (AARP), reached a total of 300 when 14 new members signed up at the meeting on Oct. 12. It will now become necessary to limit membership to Antioch residents only. All members from other areas, who are now members, may remain but no new members will be enrolled except those living in Antioch.

Wayne Solczak, paramedic of the Antioch Rescue Squad, was introduced by Al Courtois, program chairman. He told of how the squad came into existence back in the '30's, when Herman Holbek saw the need and organized the first rescue squad with four volunteers.

Following the motto of all AARP members "TO SERVE — NOT TO BE SERVED," the Antioch Chapter will assist in the distribution

of Thanksgiving baskets for the needy of the Antioch area.

Vicki Bock, of the Community Service Committee, asked members to bring canned goods and non-perishable foods to the most worthy cause.

She also announced that donations of winter-wear (knitted gloves, socks, knee warmers, etc.) for the Lake Villa Nursing Home will be appreciated and may be brought to the Nov. 23 meeting.

Nov. 23 is also the date of the annual raffle. Ceil Geist asked that articles (new or old, if in good condition) be brought to the meeting on that date.

AARP will conduct a defensive driving course after the first of the year at the senior center in Antioch. Esther Aiani advised interested members to sign up now since only 20 students will be enrolled in each class. Classes will be scheduled as the need arises.

All tickets have been sold for the Chicago trip on Nov. 12.

Glenn Peterson extended an invitation to all members to visit the new senior center in Bristol.

The next meeting will be on Oct. 26. The annual white elephant auction will follow the meeting. All items in workable condition will be gladly accepted.

Harland is a graduate of Antioch High School.

Hockey team ties

On Oct. 4 the Antioch varsity field hockey team tied Elgin Academy 1-1 at home.

A disputed goal in the first half put Elgin ahead 1-0.

Late in the first Wendy Vos scored, assisted by Kim Nichol, to tie the game.

The score remained tied, with both teams failing to capitalize on opportunities to score.

Oct. 6, Antioch played Homewood Flossmoor to another 1-1 tie.

Homewood scored first to take a 1-0 lead.

Near the end of the first half Wanda Bock scored to tie the game.

News/OPINION

The Antioch News welcomes letters to the editor. Letters should be on topics of general interest, approximately 150 words or less and be signed with home address and telephone number. Guest editorials

are also invited. They should be a minimum of 250 words and signed. The editor reserves the right to condense all material addressed to this page.

The Time Machine

When I think about it

It's absurd to have absurd rules, laws

by GLORIA DAVIS

Like most writers, I'm a word freak, so certain words can turn me on, sometimes simply because of their sound and other times just because they seem to fit so many situations.

I'm a mood word nut too, therefore I tend to beat-to-death words that fit a present mood. And words whose sound fairly scream descriptively are really my favorites.

With the present state of things, one of my favorite words for this week is absurdity because it surely describes many of our rules and laws. For instance, with all trouble the economy of the United States is in because of the cornering of the automobile market by Japanese cars, did you know that, although the U. S. can send all the soccer balls they want to Japan, that country has a rule that only Japanese-made soccer balls may be used in legal play there.

A suggestion given in a news letter from the IPR Assn. seems to me to be the perfect answer. Why doesn't the U. S., while allowing importing of Japanese cars to proceed as usual, pass a law that no Japanese-made cars can be driven on American highways.

The absurdity in this case is the fact that the U.S. allows other countries to get away with things like this.

But then absurdities can be found all over

the U. S. car industry like the fact that a 20-year General Motors employee gets enough paid free time to account for the annual production loss of 11 cars per employee.

But even more absurdities can be found in the statutes books of Uncle Sam.

In New Orleans there's a law that allows people in the area to grow as tall as they want to.

If you're a smoker who objects to the plague of non-smoking signs that inhibit your favorite pleasure, think about the inhibition of the many diners in Gary, Ind. where there is a law that anyone eating a Gyros sandwich cannot attend a public performance within four hours of imbibing.

I guess this isn't ethnic discrimination since the law really stipulates the eating of garlic.

The absurdity here is that there are no laws on those "Hoosier" books demanding other nasal-insults use deodorant, breath sweeteners or, in some cases, less perfume before they mingle with the public.

And the most absurd story of all, coming from the same newsletter, states that, despite nationwide tight funds, the army recently spent \$6,000 making-up a pamphlet on the buying of Worcester Sauce and detailing ways to tell if the sauce bottle's label is water resistant or whether or not the lid is screwed on tightly.

FIFTY YEARS AGO: Oct. 20, 1932

Wisconsin was having a milk war that had violent confrontations between farmers, wholesalers and retailers and included the bombing of a Burlington milk plant.

Bernice Jensen and Sara McNamara lead the Antioch High School honor students and Margaret Smith was chosen manager of the high school's cheerleaders.

The Antioch News building had a face lift when it received an entire new paint job on the inside.

The News ran stories on reasons to vote for Herbert Hoover for president and one telling New York's Gov. Franklin Roosevelt to practice in New York now what he promises to do if elected president.

The newest fashion for women featured high lacey necklines not unlike those worn during the Victorian era.

In an ad in the News a toilet was referred to as a water closet.

THIRTY YEARS AGO: Oct. 16, 1952

The Antioch Grade School was planning a addition of classrooms.

Robert Webb was elected president of the Antioch Volunteer Fire Dept.

A fingerprint specialist at the Lake County Sheriff's office was closely examining a brick that was thrown through a window at Antioch High School for fingerprints.

Lois C. Riegler became the bride of John Thain.

Abbott and Costello were starring in "Lost In Alaska" at the local movie theater.

The Antioch Village Board decided that the landfill method of garbage disposal was an ideal one but too expensive to operate for a village the size of Antioch.

TEN YEARS AGO: Oct. 18, 1972

The Antioch Planning Commission was working on plans for the Pheasant Creek Apartments northwest of the village.

Chuck Miller won the decoy painting contest sponsored by Stanley's Men's Fashions.

Mr. and Mrs. Lloyd Murrie headed the Senator Carl Berning campaign.

Marge Solar, Phyllis Kapischke, Jean Karas, Sara Fields and Jean Daniels won trophies in the State Bank of Antioch's Golf League.

Director Ken Smouse and his cast were in rehearsal for "Man Of La Mancha" at the PM&L Theater.

Congrats to Al Little who was recently presented with a service pin in recognition of his 25th anniversary with Allstate Insurance Co. He is employed as a senior account agent at Allstate's Wilmette local sales office.

Can't wait to see the Antioch High School Homecoming Show, especially the part that is to feature the return of some of the cheerleaders of bygone days.

Betcha Mabel Lou Weber still looks as cute in her cheerleading costume as she did a few years ago.

Chamber Secretary Dixie Sparks says that she is busy again this year planning the second annual "Christmas Creations" fashion show. The date is Dec. 2. Dixie promises a lot of beautiful fashions as well as hilarious entertainment again this year.

In August, degrees from Northern Illinois University, DeKalb, were conferred on Colleen DeVries, B.A. liberal arts; John Charles Eder, B.S. in business; Kevin Lee Gallaher, B.S., college of professional studies and Steven Stahmer, B.S. in the college of business.

And Richard E. Petersen received his masters in education.

Congratulations to Walter Rybicki. I hear he's the new president of his bowling league. May those strikes be many, Walter!

Just in case you noticed it, the civil defense siren went off Tuesday evening, Oct. 1. But none to worry. According to Antioch Fire Chief Todd Mapletorpe, that was a case of a little firehouse cleaning that got out of hand when someone accidentally nudged the siren button.

Kluge completes training

Torsten G. Kluge, son of Mr. and Mrs. Gerhard Kluge of 41374 Point Dr., Antioch, recently completed a U.S. Air Force ROTC field training encampment at Charleston Air Force Base, S.C.

During the encampment, cadets receive survival and small arms training and aircraft and aircrew indoctrination. They also have the opportunity to observe careers in which they might wish to serve as Air Force officers.

The cadet is a student at the University of Illinois at Champaign.

Chamber seminar set

A session Oct. 26 will continue the ongoing educational seminar on advertising and sales promotion, sponsored by the Antioch Chamber of Commerce and Industry.

Joan Petranovich, a freelance marketing consultant and professor at the Illinois Institute of Technology will address the Chamber membership.

After the presentation, persons attending will be asked to put their business name in a hat and after one name is drawn, Petranovich will do an impromptu promotional campaign for that business.

Make reservations on or before Oct. 21 by calling the Chamber office at (312) 395-2233. Cost of the luncheon is \$5 per person.

RE-ELECT CONGRESSMAN PHIL CRANE

He's concerned.
He's committed.
He gets things *DONE*.

And we need him more *NOW* than ever before.

Dear 12th District Constituent,

Since coming to Congress in 1969, my goals have always been to restrict the influence of the Federal government in our daily lives...to limit its spending powers...to reduce the huge federal deficits and balance the budget, and to provide for a strong national defense.

Only now, under President Reagan, are positive steps being taken to accomplish these goals. As progress is made, we will be able to bring wasteful and impersonal bureaucracy back under control of the legislative branch of government. And, in so doing, we will reduce our confiscatory level of taxation and accrue benefits to our 12th District citizens, as well as all people in the U.S.

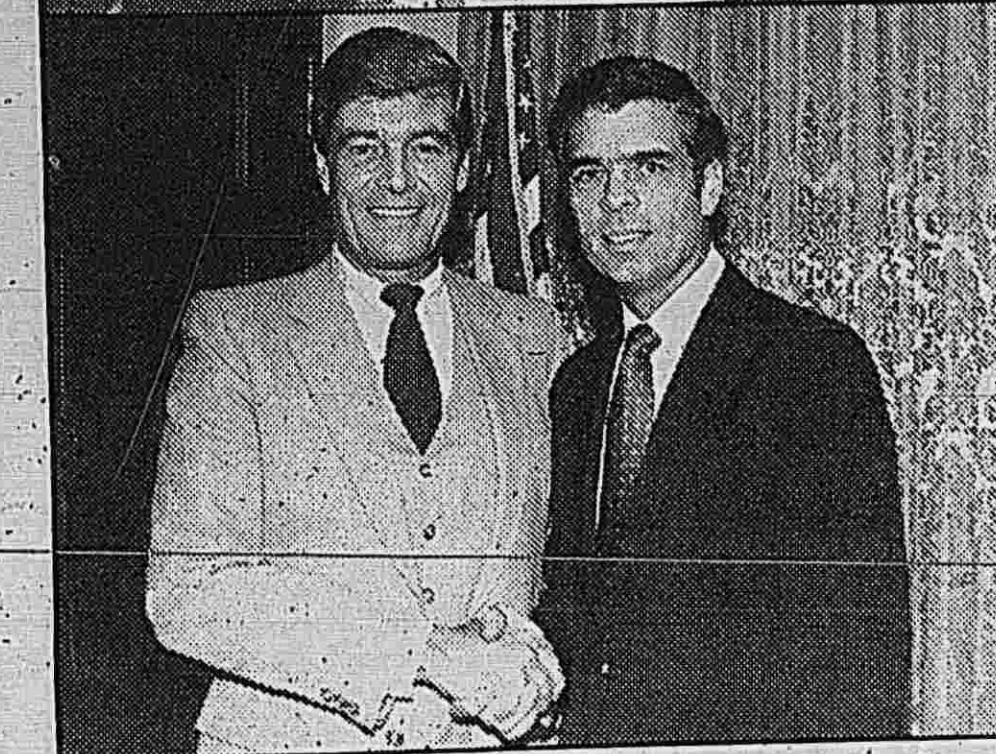

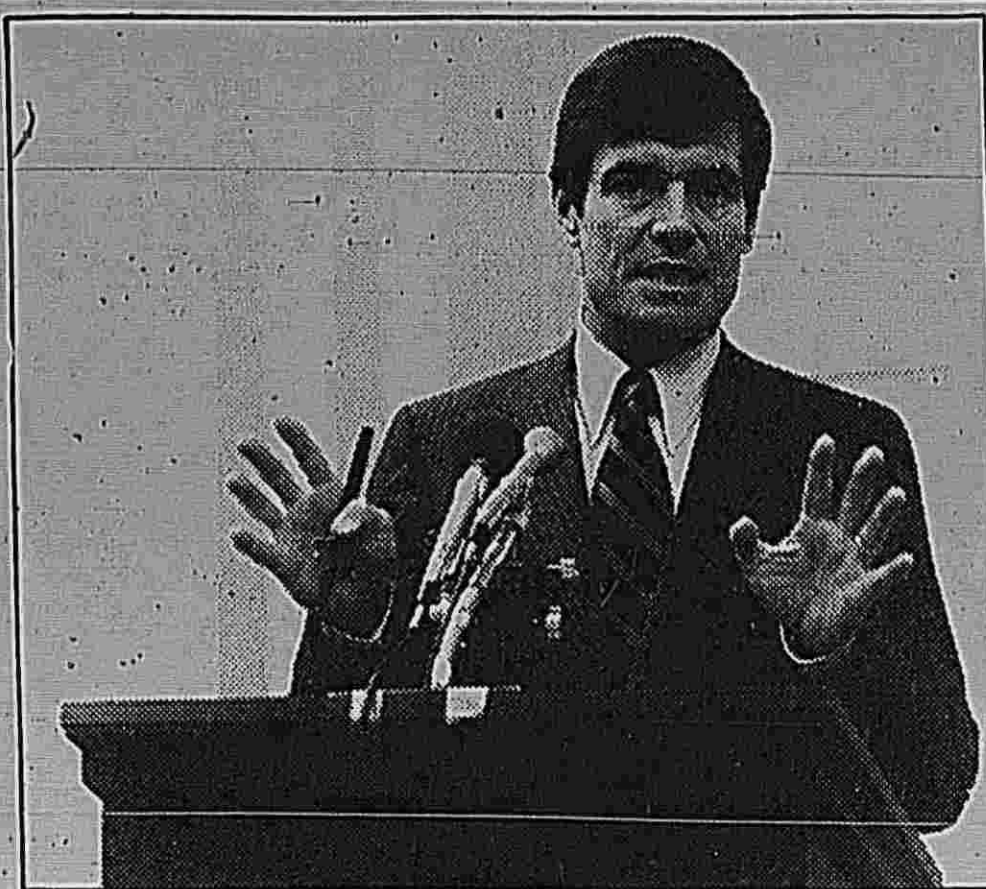

The 12th Congressional District -- which I've served for the past 13 years -- has recently been expanded to include new areas in Lake and McHenry Counties. I've met many of my new constituents and recognize that there are many more to meet, to ask for support, and to serve. It is my hope that the information on the following pages will help acquaint -- or reacquaint -- 12th District citizens with the philosophy that governs my actions in Congress.

I believe -- with President Reagan -- that the American dream is still alive. When returned to Congress next November, I will continue to vote against all reckless spending proposals and to do everything possible to protect and expand the freedoms which exist in this country...and fuel the creative genius that makes America great.

Your support -- and your vote on November 2 -- will permit me to continue this fight on your behalf.

Sincerely,

Philip M. Crane

PHIL CRANE

A PROVEN LEADER, COMMITTED TO IMPROVING THE QUALITY OF OUR LIVES.

Since 1969, Congressman Phil Crane has served his district with great energy, skill and dedication. He has proven his effectiveness as a Congressman and his ability as a hardworking, caring leader.

Phil Crane identifies the issues that touch our lives. Like taxation. The economy. Government over-regulation. And local problems.

He listens to the needs of the people he represents -- and then he acts on your behalf.

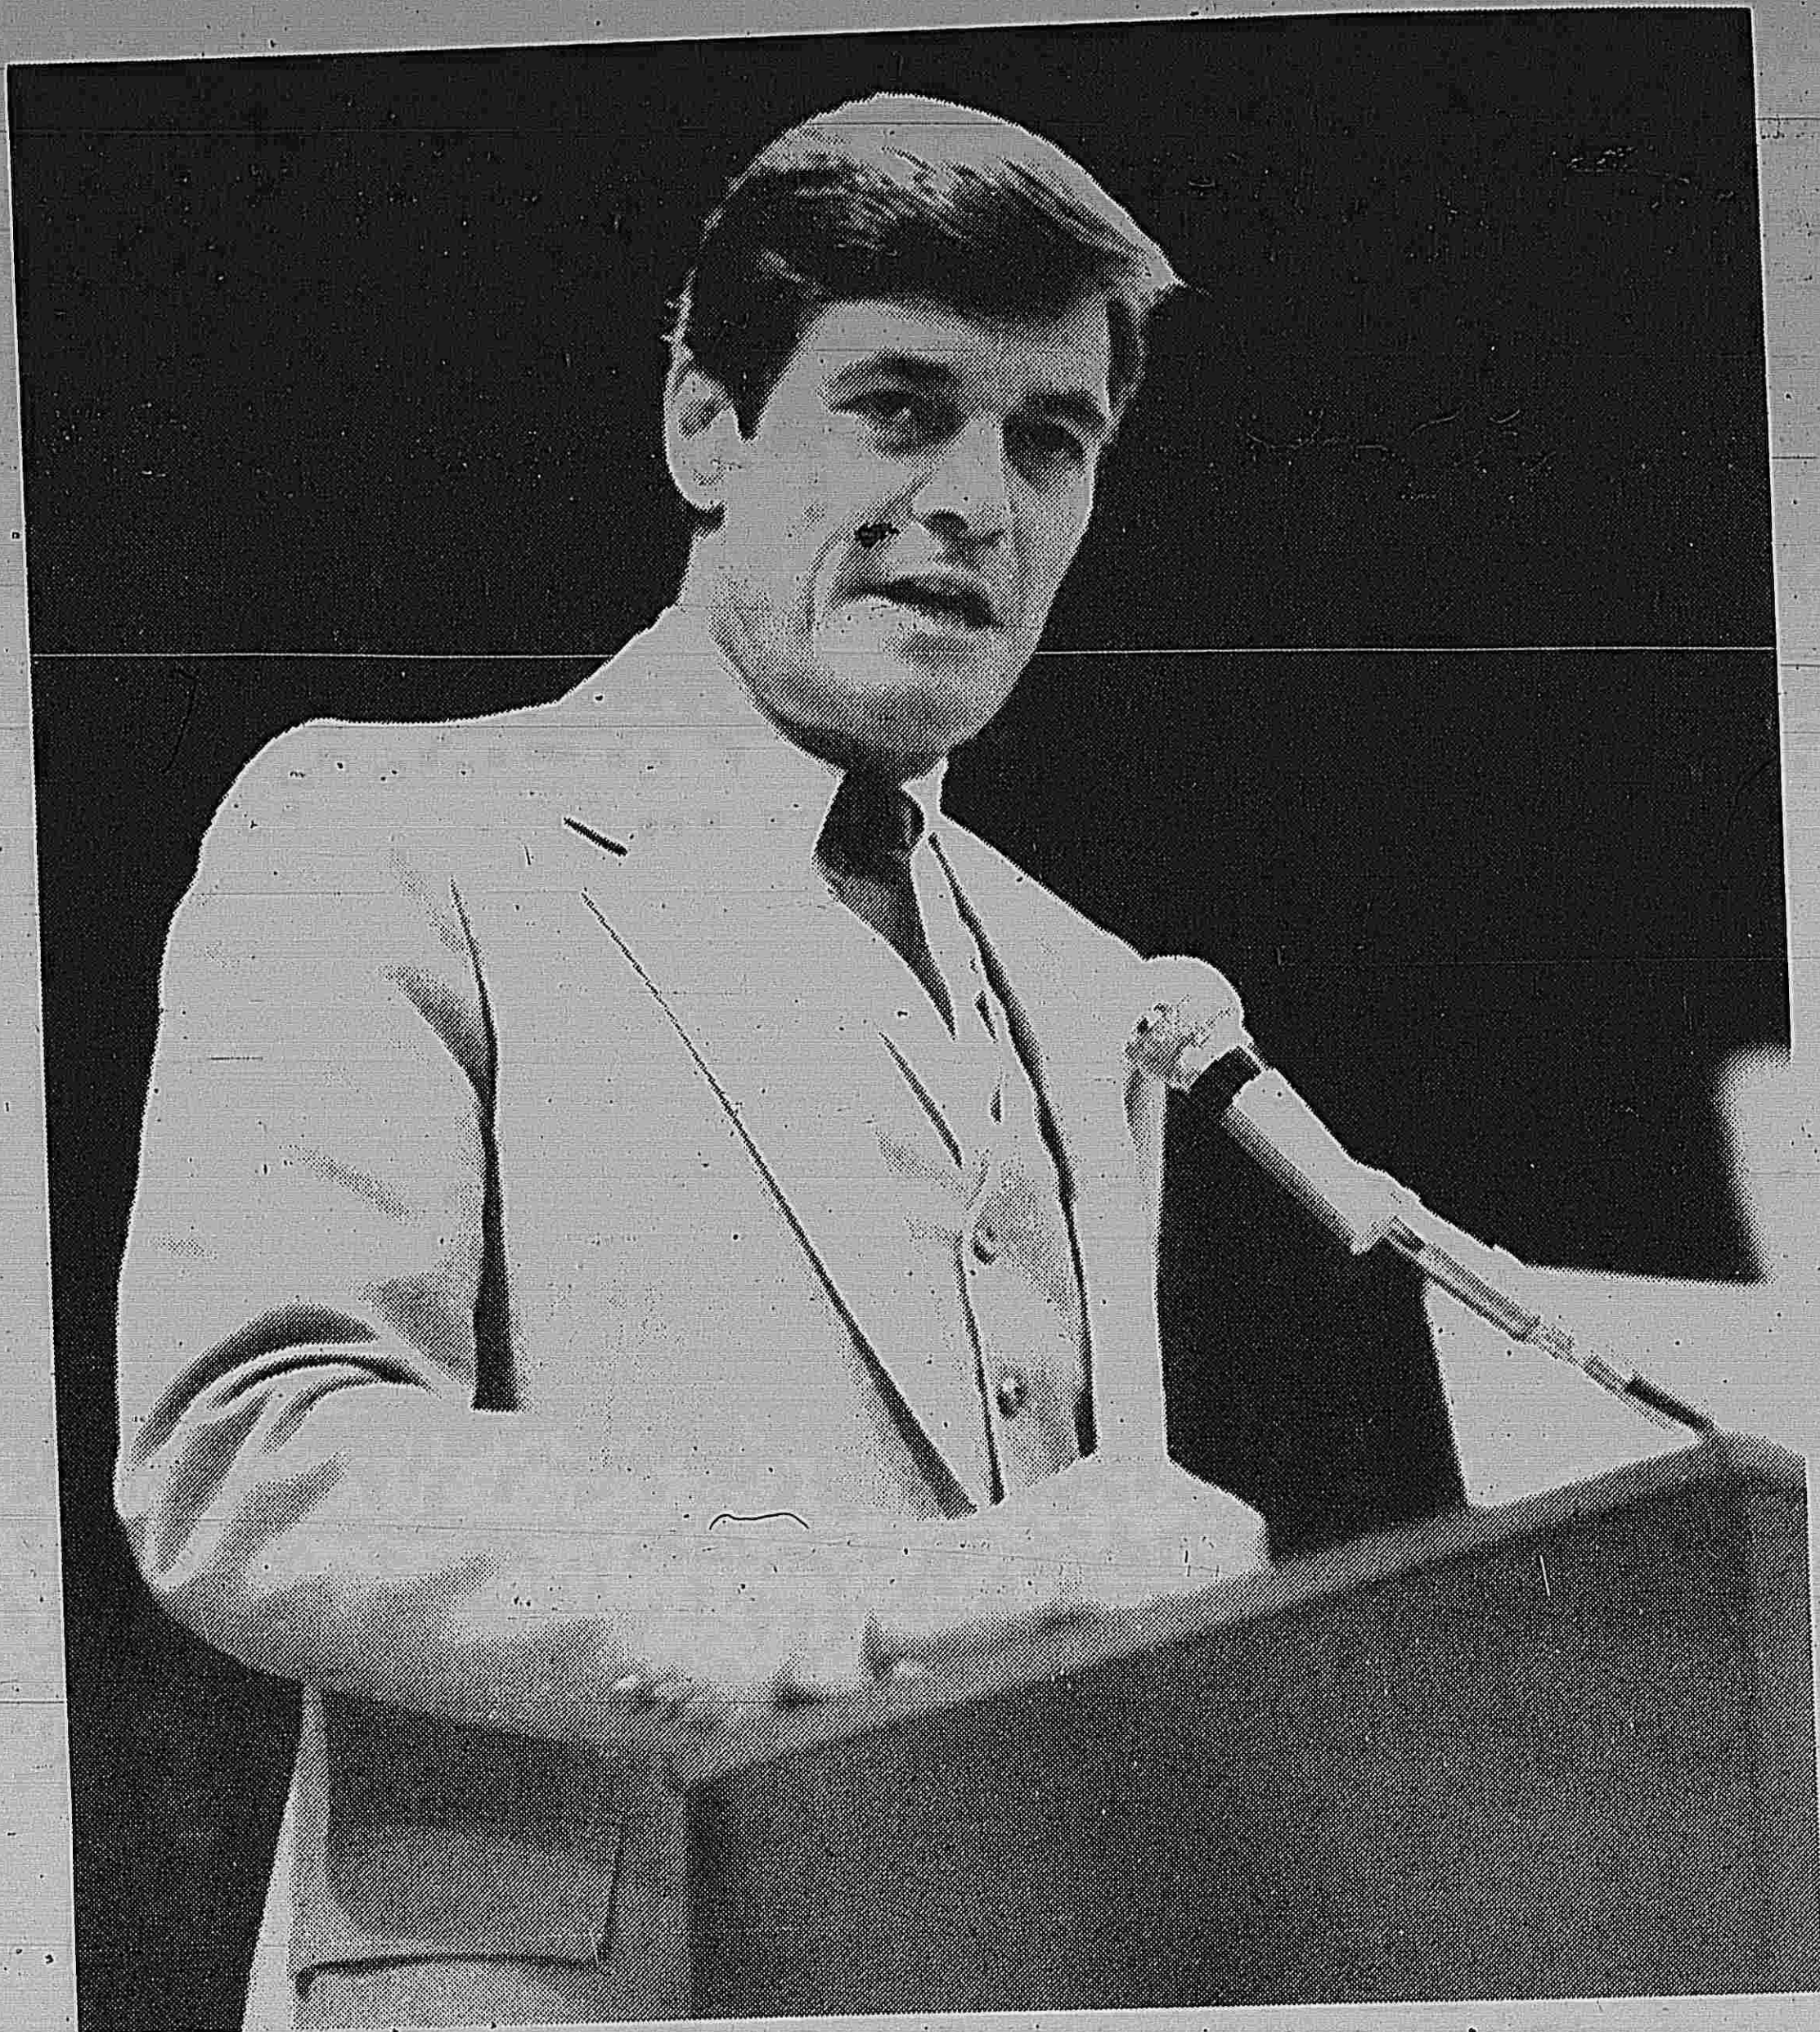

That's Phil Crane's way of doing things:
listen...take a stand...and act.
Not just lip service -- he gets results. His record is proof of that.

Is it any wonder that Republicans, Democrats and Independents alike have consistently voiced approval of Congressman Crane's efforts by returning him to Washington six times by very substantial majorities?

On November 2, record your commitment to America's future: vote to re-elect Congressman Philip M. Crane!

Phil Crane has been commended as "an effective, hardworking, dedicated member of Congress... responsive... mindful of his constituents."

--THE DAILY HERALD

**Here are just some of the very meaningful pieces of legislation

The repeal of estate, gift and generation-skipping transfer taxes to reduce tax burdens on widows and children.

Legislation which prohibits the issuance of regulations defining fringe benefits as income.

Legislation indexing personal exemptions to keep inflation from pushing taxpayers into higher tax brackets.

PHIL CRANE

**HE'S FISCALLY RESPONSIBLE.
HE'S COMMITTED TO KEEPING YOUR
MONEY IN YOUR POCKETS**

Phil Crane knows that wasteful government spending fuels inflation and higher taxation. His tightfistedness with your tax dollar has consistently earned him national recognition as one of the most fiscally responsible members of Congress.

Since 1969, Congressman Crane has aggressively fought to set limits on Federal spending and to substantially reduce confiscatory tax rates.

Legislation allowing persons in work pension plans to start individual IRA's and increasing the annual amount from \$1,500 to \$2,000.

Legislation which excludes from taxable income up to \$1,500 per year of stock dividends if reinvested in a qualified reinvestment plan.

Legislation excluding interest earned on certain certificates of deposit from gross income, plus other revisions to the individual and business portions of the tax code to provide additional incentives to stimulate the economy.

HE'S COMMITTED TO ENSURING THE VITALITY OF OUR COMMUNITY

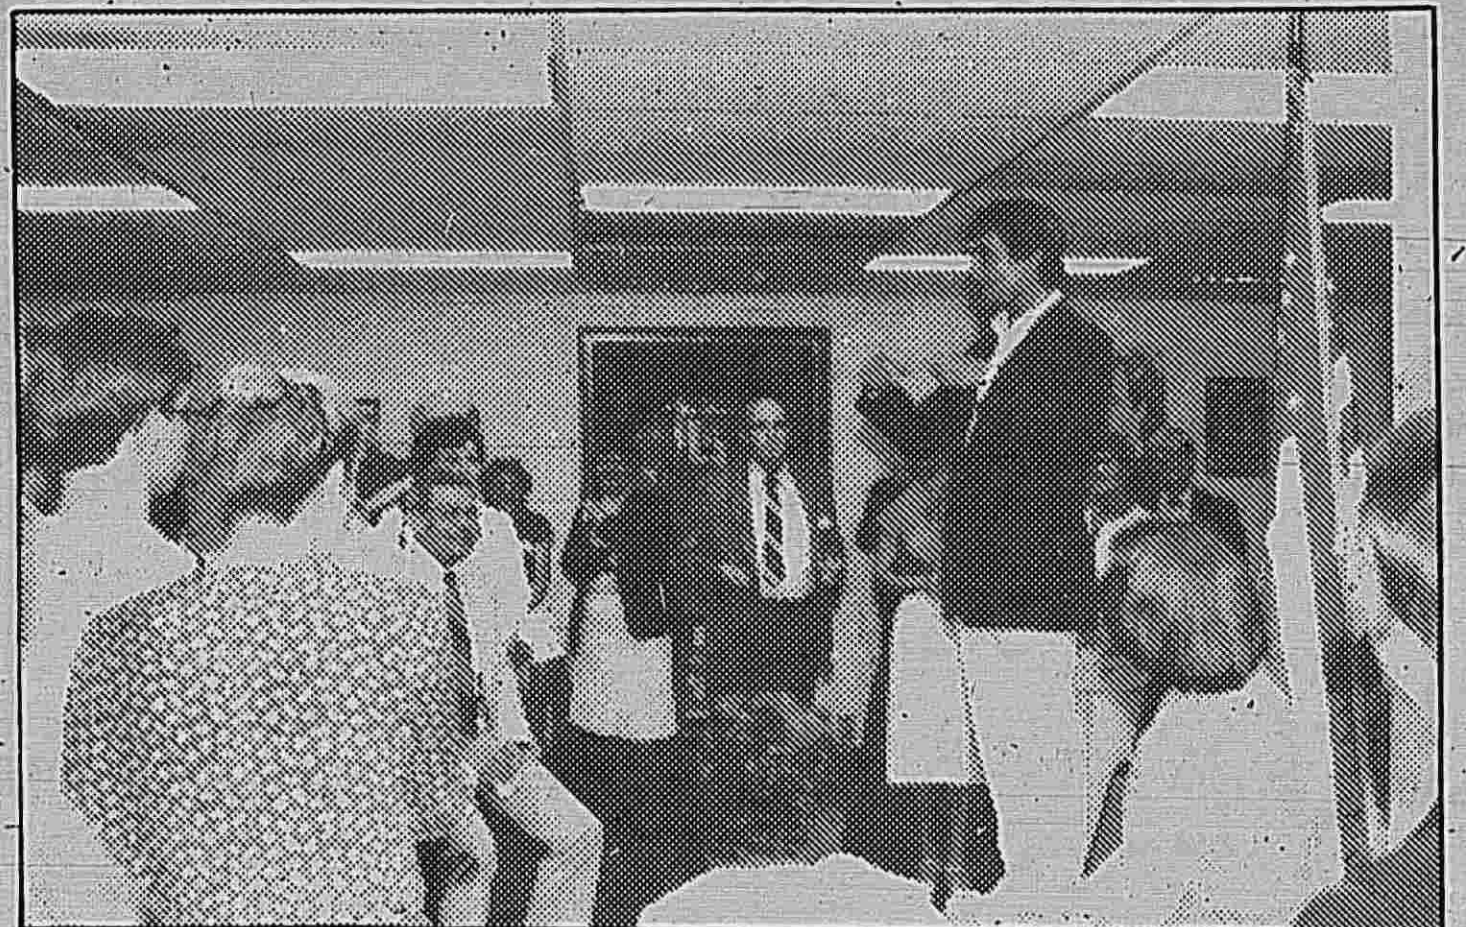

One of a Congressman's most important jobs is to listen and respond to the needs of the people in his district.

With one of the largest Districts in the country, Congressman Crane emphasizes two-way communication as the basis of representative government.

Phil Crane has consistently worked with residents, community leaders and local officers to resolve problems affecting the 12th District.

To keep up-to-date on community concerns, Phil Crane visits township and village halls and attends community functions. He issues regular newsletters and questionnaires. He holds long distance "telelectures" with high schools and conducts Town Meetings, Mayors' conferences, Business conferences and other meaningful exchanges with concerned constituents.

The NEW 12th District includes these townships: COOK COUNTY -- Barrington, Palatine, most of Hanover Township and parts of Elk Grove and Schaumburg; LAKE COUNTY -- Antioch, Avon, Cuba, Elmhurst, Fremont, Grant, Lake Villa, Newport, Warren, Wauconda. McHENRY COUNTY -- Alden, Algonquin, Burton, Chemung, Dorr, Dunham, Grafton, Greenwood, Hartland, Hebron, Marengo, McHenry, Nunda, Richmond, Seneca.

Congressman Crane receives between 1,000 and 1,200 letters each week and his staff investigates more than 1,000 cases each year.

When 12th District citizens need help with Federal agencies, they know they can rely on Phil Crane to judiciously intercede on their behalf.

HE WORKS TO REDUCE GOVERNMENT BUREAUCRACY

Phil Crane believes it's time to recognize what the government can and can't do. He is committed to reducing the detrimental influence of a wasteful and impersonal bureaucracy on our personal, business and professional lives.

He advocates disbanding useless and ineffective agencies and decentralizing others to bring them closer to the people they serve.

Congressman Crane has supported efforts to inject free market principles into industry and has consistently voted to lessen costly and time consuming government interference in our lives.

Congressman Crane addresses government's over-regulation of our lives with common-sense solutions designed to maintain our personal liberty and fuel the creative genius that is America.

In a double dual meet the Antioch Boys Team defeated Round Lake 22-39 and Harvard 18-45.

These wins raised their conference record to 4-1 and overall record to 6-3.

LaPlante was second, Wechane third, Sandrik fifth, Nottingham seventh, Neubauer eighth, Rivera ninth, Miller 10th, Merkel 11th, Ball 15th, Curtis 18th, Mannina 19th, Wais 20th, Swiatek 22nd, Fowlkes 25th, DeRousse 27th, Merowski 29th, Westhoff 33rd and Trayer 34th.

Girl runners' record unblemished at 9-0

Antioch girls cross-country team raised its record to 9-0 with dual meet victories over Round Lake, 15-48, and Harvard 15-50.

Leading the girls was Donna Ruggles in first with a time of 13:12 for two miles.

Ruggles' sister, freshman Lori Ruggles, was second in a Antioch freshmen school record of 13:22.

THIRD WAS sophomore Beth Murray, fourth junior Rene Starcevic, fifth Michelle Mitcher, seventh Pattie Friedman, eighth Chris Ederman, 10th Dawn Wacki, 14th Wendy Wells, 15th Amy Kandezoria, 16th Nadine Meyer, 18th Barb Olander, 19th Laura Rymut, 20th Zora Grcic, 22nd Rhonda Fowler, 23rd Tracy Borla, 24th Tina Ghasely, 26th Laura Mattson and 27th Silvia Kahler.

At the Antioch Invitational the girls ran to their best finish ever by placing third behind defending state champion Rockford Gilford

with 77 points and Hersey at 91. Antioch had 93 and Libertyville had 101.

Donna Ruggles was again Antioch's first runner to finish in 10 place.

Lori Ruggles ran to a 16th place finish, Garland 20th, Murray 21st, Mitchen 26th, Starcevic 27th and Friedman 56th.

IN THE OPEN race freshman Chris Eberman ran to the first place finish, covering the course in her personal best time of 14:17.

Senior Dawn Wacki ran a good race and finished in second at 14:33.

Freshman Wendy Welk was next in fourth, sophomore Amy Kandziord sixth, Nadine Meyer 19th, Zora Grcic 24th, Laura Rymut 25th, Tracy Borla 33rd, and Silvia Kahler 46th.

The girls next meet will be Thursday, Oct. 14 at Lake Zurich and on Saturday, Oct. 16 at Warren for the Lake County meet.

Viking heavyweights stop Fox Lake, 20-0

The north division leaders of the Northern Illinois Junior Tackle League, the Antioch Viking heavyweight football team, visited Fox Lake Saturday, Oct. 16, to play against a strong Lakeland Cardinal team.

The Vikings won because of their excellent defensive effort, taking Fox Lake 20-0.

The defense was led by Lineblockers Kirk Toth, Steve Pappadakis, Joel Berndt, Wade Kilman and Lance Bestland.

A first quarter touchdown was set-up by an interception by Safety Dave Wick who ran the ball back to the Fox Lake 28 yard line and four plays later, Toth took a one yard plunge for the touchdown. The extra point try was no good, making the score 6-0 at half time.

Early in the third period, Troy Schroeder took a Fox Lake punt and ran the ball back to the Fox Lake 37-yard line. Then Bestland ran the ball 32 yards for Antioch's second touchdown.

Earlier that evening the Fox Lake Cardinals light-

weight team upset previously undefeated Antioch, 14-6.

The loss to Fox Lake leaves Antioch and Waukegan with identical

league-leading records, 5-1.

Antioch and Waukegan meet on Sunday, Oct. 24, with the lightweight kick-off at noon to be followed by the

heavyweight game at 2 p.m.

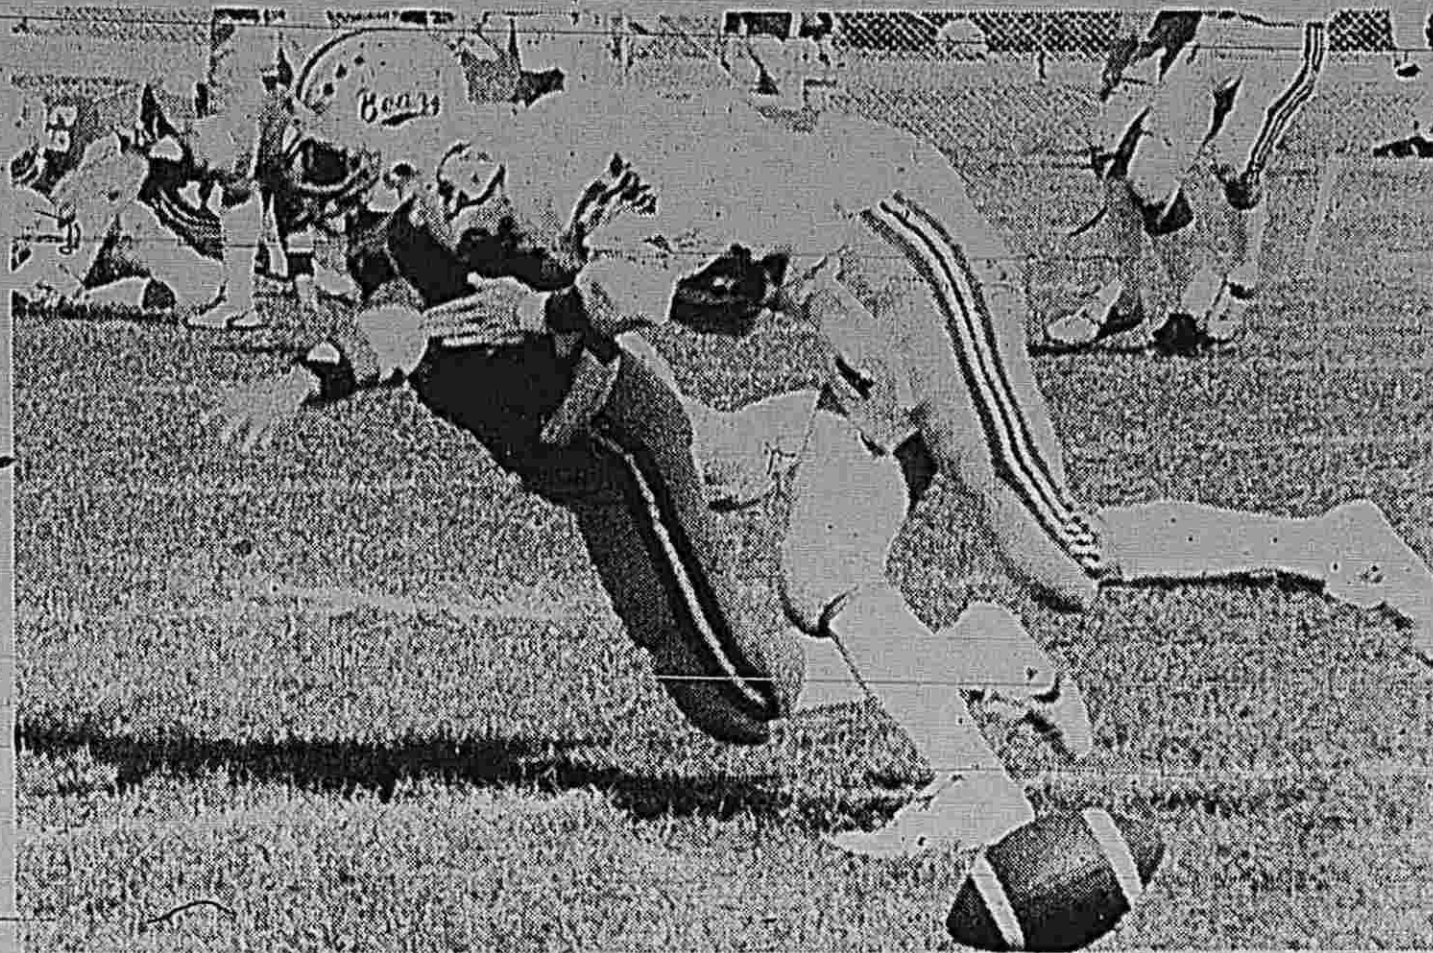

In the Antioch Viking in-house featherweight program, the Seahawks, on a last second 45 yard pass

from Mike Zolna to Tom Swanson collected their first win of the season, beating the Raiders 7-0.

The Warriors, down 6-2 at the end of the third quarter,

came back with two fourth quarter touchdowns to beat the Falcons 14-6.

The Eagles, with strong defensive play, beat the Buccaneers 20-0.

INSIGHT INTO EYESIGHT

Dr. R. A. Sona,
OPTOMETRIST

EARLY CATARACT DETECTION

Cataract is a clouding of the lens which lies just behind the pupil. The symptoms are blurring or clouding of vision, often beginning in one eye only. You may see multiple images or experience glare in bright light. Images may appear brighter with one eye than with the other.

The most common cause, by far, is something we all experience - the process of aging. Fortunately, it can be corrected by surgery (if needed). Then when the properly prescribed glasses or contact lenses are applied you should be able to see as well as you did before.

If you are experiencing any of the above symptoms, you should have an eye examination. Any or all of those symptoms mentioned could also be from other eye conditions. Only your eye specialist can determine the cause. If the diagnosis is cataract, an EARLY examination is desirable. Later on, the more advanced cataract will make it more difficult to look into the pupil and examine the back of the eye. Other impairments may go undiscovered.

AUGS defeat Gavin

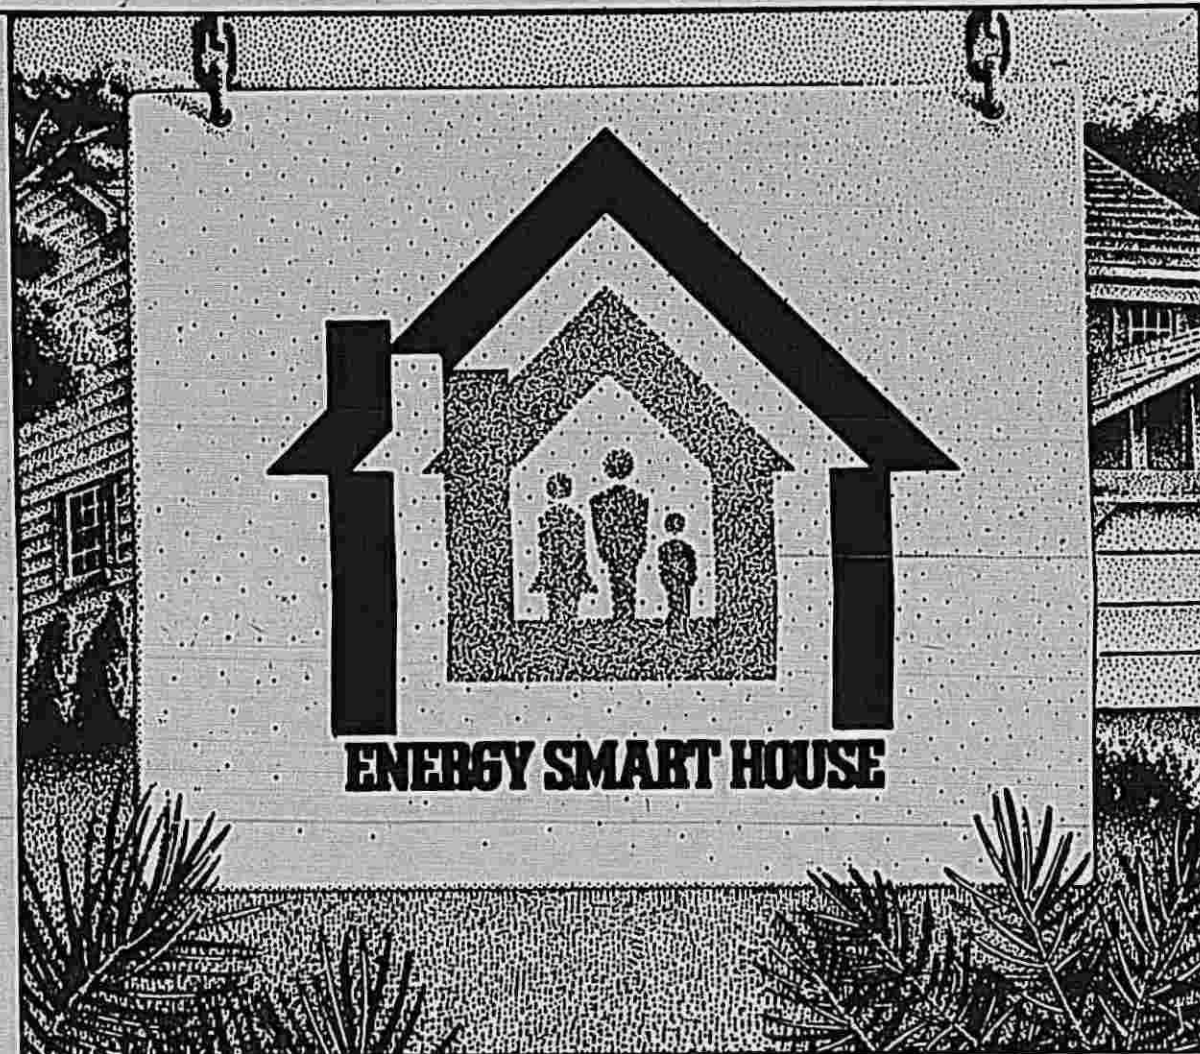

Antioch Upper Grade girls softball team defeated Gavin, 16-1, in game played at Gavin School.

Hitting star for Antioch was Karen Stevens who scored four runs. Strong pitching by Caroline Exner and a tough defense did the job!

The Antioch Upper Grade School boys softball team is currently in second place with a record of four wins and two losses in the Northwest Grade School Conference. The Apaches have

recorded victories over Lake Villa, Fremont, Woodland and Grayslake, while losing to Gavin and Fox Lake.

Leading hitters for Antioch have been Tom Wells, Bob Abbott, and Ken Warner. Rick Korjcek has been the winning pitcher in all four games. His best effort was a one-hit victory over Grayslake. Outstanding defensive plays have been turned in by Rob Wicinski and Rich Rudolph.

TODAY THIS HOUSE IS JUST SMART. TOMORROW IT'LL BE BRILLIANT.

Nobody has to tell you what's happening to the cost of energy today. It's all up, up, up.

So if you're looking for a new house, it makes a whole lot of sense to look for one with an Energy Smart sign out front. One that uses energy like a miser. That keeps the cost down, down, down.

That means a house with double-glazed windows.

With ceilings insulated to a minimum rating of R-19.

With walls insulated to at least R-11.

With exterior openings carefully weather-stripped and caulked.

And with an Electric Heat Pump instead of a central air conditioner and furnace.

That's the key. The Heat Pump.

All summer long it works just like central air condi-

tioning. But in the winter it reverses itself. It takes heat from the air outside and pumps it inside to keep you warm.

What's more, the Heat Pump does that so efficiently it provides at least 50 percent more energy (heat) than the energy (electricity) it uses.

And that's very, very smart when you consider that the cost of natural gas has gone up 52 percent faster than electricity since 1967, and oil has gone up 113 percent faster.

Better yet, it'll be downright brilliant when natural gas gets deregulated or OPEC bumps up the price of oil a few more times.

The Energy Smart house. It can make tomorrow a lot easier to live with.

Commonwealth Edison
Don't take tomorrow for granted.

Ask Dr. Sven
by Robert T. Sven B.S.D.D.S.

THE MARYLAND BRIDGE

Question:

I'm missing a tooth but I'm hesitant to go through the grinding and capping that most bridgework requires. Is there an alternative?

Answer:

A recently perfected method called the "Maryland Bridge" has some noteworthy advantages over old methods.

1. It does not require capping or removal of tooth enamel; a new technique and cement make it possible to bond bridgework to existing teeth.

2. There is no pain involved.

3. It conserves tooth structure and minimizes gum irritation.

4. The entire procedure is considerably less expensive than conventional bridgework.

5. It usually takes just two visits instead of requiring many appointments.

Used under favorable circumstances, the Maryland Bridge is an excellent way to replace anywhere from one to four teeth.

Engagement

Stanley-Totsch

Mr. and Mrs. William Stanley, Antioch, announce the engagement of their daughter, Kathleen Ann, to James Michael Totsch, son of Mr. and Mrs. Marvin Totsch, Chicago.

The ceremony will be performed by the Rev. Lawrence Hanley of St. Peters Catholic Church, Antioch, in November.

The bride-to-be is a graduate of Antioch Community High School and Northern Illinois University. She is an auditor for First National Bank of Chicago.

The future groom is a graduate of Taft High School and attended Wright Junior College, Chicago and Blackburn University in Carlinville. He works for Totsch Enterprises, Inc., Chicago.

Wedding

Mr. and Mrs. Douglas Behrendt

Judith Annette Hoyle, Fox Lake, married Douglas James Behrendt, Antioch, on Oct. 2 at St. Peters United Church of Christ, Skokie.

Parents of the bride are Mr. and Mrs. Norman Brooks, Morton Grove. Parents of the groom are Mr. and Mrs. John Behrendt, Antioch.

Maid of honor was Brittany Perry, sister of the bride, with bridesmaids Diane Kunter, sister of the groom; Linda Brooks, stepsister of the bride and Michelle Anderson. Flower girl was Kara Naramore.

Best man was David Behrendt, brother of the groom, with groomsmen John Kunter, Sean Mullins and Walter Anderson.

Ring bearer was Paul Filler.

A reception was held at Harbor Ridge Country Club in Antioch with a wedding trip taken to Las Vegas.

The bride is a graduate of Glenbrook North High School and works for All Tech, Deerfield. The groom is a graduate of Antioch Community High School and College of Lake County and works for Shell Oil Co.
